IARU Region 1 ATV Contest 2019 Results

The IARU Region 1 ATV Contest was held on 8/9 June 2019. There were 55 entrants from 9 countries competing, using all bands from 432 MHz to 76 GHz.

The overall winner was Wim PE1EZU. The best DX was a 70 cm ATV Contact between Rolf F9ZG and Jean-Michel F1AGO at 293 km.

Participation was reduced from last year (100 to 55), possibly because of the distraction caused by ATV Activity on QO-100.

Full results are presented in the following pages. The BATC 2m and 4m ATV contest results have also been included for information only.

Please don’t forget next year’s IARU ATV Contest on 13/14 June 2020.

Dave, G8GKQ

Notes:

1. There are some very minor inconsistencies in the scores caused by the varied use of 6, 8 and 10-character locators. Where possible, I have equalised positions, even if the scores are a few points different.

2. Thanks to Hans PA0WYS for the excellent scoring software and to Chris PA3CRX for his help and advice.

3. Please send future logs to IARU_ATV@uba.be
