

EMBARGOED AREAS / June 2021

Dear sports friends,

Although the COVID situation has changed the schedule of IARU ARDF championships and not only that and therefore there is no certainty that Liberec can host IARU World ARDF Championships in 2023, we would like, in compliance with ARDF Rules, Part A, Article 2.4, to publish following list of embargoed areas.

On that account all 8 areas marked in the maps on the following page are as of July 15, 2021 embargoed for any activity which may give any advantage to any 2023 World ARDF Championships participant. Especially it is strictly forbidden:

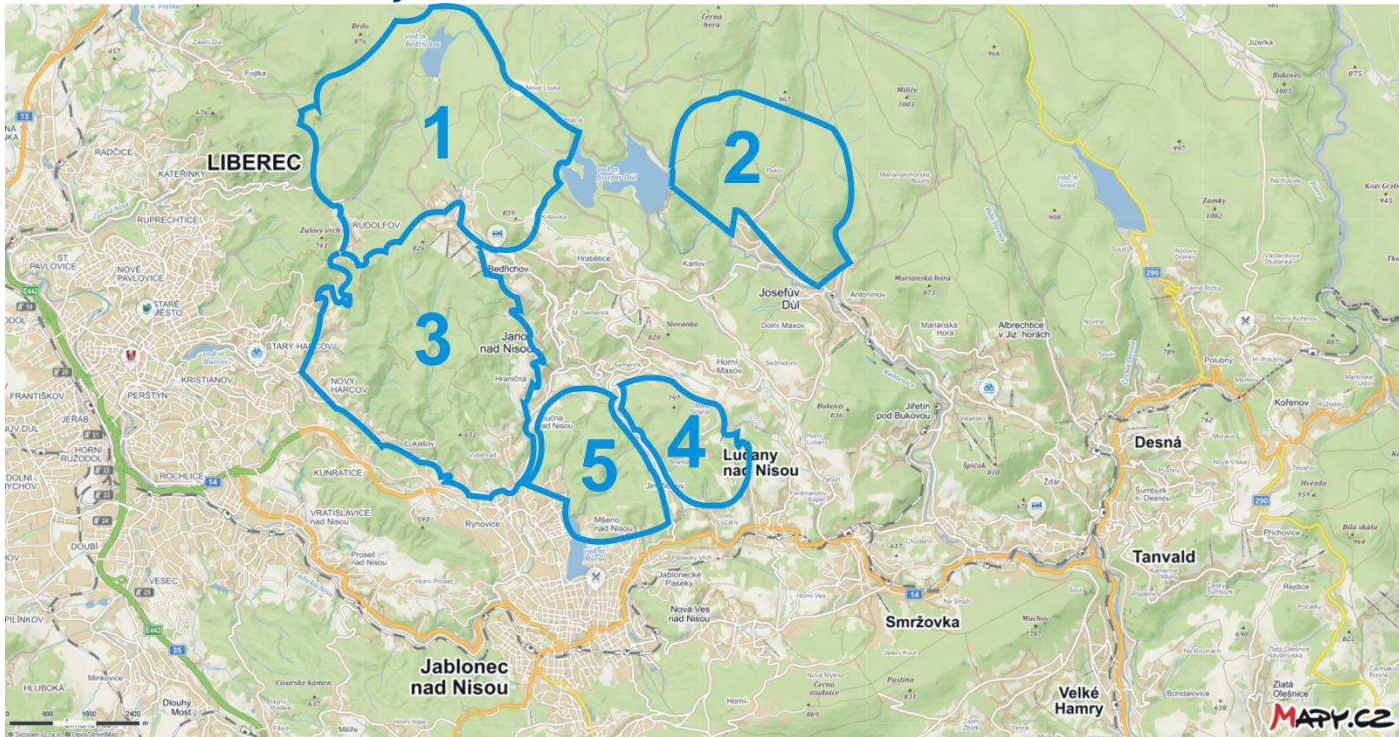

- to organize any ARDF event or training,
- to organize any orienteering training or to take part in orienteering trainings organized by third persons,
- to train individually.

However, a participation at official orienteering events organized by Czech Orienteering Federation is allowed, as well as a cross-country skiing activity during the winter.

This embargo is valid until its next update which may increase or decrease the number of embargoed areas and also change the character of the embargo.
